

Calstone Search Group is a contingency based search firm focused on permanent recruitment in the mining, mining support, manufacturing, construction and forestry industries.

ENGINEERS | GEOLOGISTS | PROJECT MANAGERS AND COORDINATORS | SALES PROFESSIONALS | MINING

HUMAN RESOURCES PROFESSIONALS | FINANCE PROFESSIONALS | BUSINESS DEVELOPMENT MANAGERS

We understand the difficulties our clients can face recruiting, hiring and retaining top talent. We take the time to properly understand our client's needs, becoming an extension of their human resources team and saving them the time required to find the right candidate.

Isabelle Senecal, lead recruitment consultant with Calstone Search has nearly a decade of recruitment experience and has successfully recruited the following professionals:

- Engineers (mining, civil/structural, electrical, mechanical, process, stationary)
- Geologists
- Project, Operations and General Managers
- Finance and HR Professionals
- IT Professionals
- Business Development (Managers, Directors)
